They will bill insurance. Appointments can be set by calling 812-882-8700. Office hours are Monday-Friday 8 AM to 4 PM.

Immunizations need to be up-to-date by the first day of school. If the parent requests the school nurse to obtain the immunization record from the Knox County Immunization Clinic, the parent must call the school prior to the pre-enrollment date and provide the student's name and their birth date. This will allow the nurse appropriate time to access the records and produce a hard copy for the permanent school records.
